

ELECTIVE COURSES AND OPTIONAL EMPHASES

Updated November 2024

BYU MAcc
MARRIOTT SCHOOL
OF BUSINESS

How many electives am I required to take in the MAcc?

- **Tax Stem** students are required to take a minimum of **9 credits** of approved electives in addition to **3 credits** of tax electives (see Tax Stem outline for tax elective course list).
- **Professional Stem** students are required to take a minimum of **3 credits** of Analytics and Technology elective courses and **15 credits** of approved electives (**total of 18 elective credits**). Analytics and Technology elective credits beyond the 3-credit minimum will count towards the 15 credits of approved electives.

What is the purpose of an emphasis?

The purpose of an emphasis is to aid in selecting electives that align best with your career goals. We have organized optional emphases to choose from (listed below), with faculty mentors you can consult about each emphasis and associated career opportunities. Each emphasis requires 9-12 credits. You may pursue **more than one emphasis**. Some emphases also suggest certifications beyond CPA licensure you may consider. **If you have questions about the significance of an emphasis**, please contact one of the faculty mentors associated with the emphasis.

What emphases are available to select from?

The following is the list of emphases available to choose from. Full details on each emphasis are available on the pages that follow. Refer to the legend below for important information about the course listings in each emphasis.

- Assurance and Forensics
- Capital Markets and Asset Management
- Corporate and Sustainability Reporting
- Data Analytics
- Economic and Financial Litigation Consulting
- Entrepreneurship
- FinTech and Product Management
- Government and Nonprofit Accounting
- Healthcare Leadership
- International Accounting
- Management Accounting and FP&A
- Management Consulting and Advisory
- Real Estate
- Risk Management and Compliance
- Taxation
- Wealth Management

COURSE LEGEND

The semester a course is offered is subject to change. Classes are for **3 credits** unless otherwise noted.

Courses marked with ♦ fulfill the 3 credit Analytics and Technology Elective requirement in the Professional Stem.

Courses in black font are courses previously listed as Approved MAcc Elective Courses.

Courses in green font have been added to the list of Approved MAcc Elective Courses.

Courses in blue font have been added to the list of Approved MAcc Elective Courses and are also electives included in the [MBA Social Impact Minor](#) open to all graduate students across campus.

MAcc OPTIONAL EMPHASES

Listed Alphabetically

Assurance and Forensics

The Assurance and Forensics Emphasis focuses on developing skills and preparing students for a career in providing professional services designed to enhance or improve the quality of information available for various stakeholders to use in making investment and other decisions. Such professional services include financial statement audits as well as a variety of attestation, assurance, and general advisory services.

Career Opportunities: Public Accounting, Forensic Accounting, IT Risk and Assurance, Internal Audit, FBI, Treasury, FDIC

Certifications: Certified Fraud Examiner (CFE), Certified Internal Auditor (CIA), Certified Information Systems Auditor (CISA)
