

- **Tax Stem** students are required to take a minimum of **3 credits** of a tax elective and **9 credits** of approved MAcc elective courses (**total of 12 elective credits**).
- **Professional Stem** students are required to take a minimum of **3 credits** of Analytics and Technology elective courses and **15 credits** of approved MAcc elective courses (**total of 18 elective credits**).

Accounting offers a wide range of career opportunities, reflected in the diverse elective courses available. To assist in the selection of electives that align best with your career goals, we provide possible electives for each of the thirteen **broad career paths** listed below. These are only suggestions to help inform and guide course selection. Students are welcome to take any elective course, even if they span multiple career paths listed. While these elective courses have been offered in the recent past, course availability may depend on faculty scheduling and availability or other resource constraints.

The semester a course is offered is subject to change.
