

2022-2023 Healthcare Industry Scholar Graduate Student Application

Overview

BYU graduate students preparing for careers in the healthcare industry may apply to become a *BYU Healthcare Industry Scholar*. This advanced educational opportunity provides healthcare management exposure to complement students' developing disciplinary skills (accounting, data analytics, ethics, finance, human resources, information systems, marketing, operations management, organizational behavior, strategy, supply chain management, and other specializations). Students selected as Healthcare Industry Scholars will receive scholarship funding during the semester in which they complete the last class requirements for the scholarship.

Note: Those students who are graduating in December will apply the same year they are graduating (i.e., May 2021 application for December 2021 graduation).

Healthcare Industry Scholar Graduate Curriculum

Application

To apply to become a Healthcare Industry Scholar, applicants must submit the form below to HIS@byu.edu by May 15th after taking ACC 588, IS 588, MBA 588, **OR** MPA 588. Selection as a Healthcare Industry Scholar will be communicated by June 30th. Those not selected may apply again in future years.

BYU Healthcare Industry Scholar Requirements
Graduate Student

(Check all that apply below):

Core Courses:

I have completed ACC 588, IS 588, MBA 588, **OR** MPA 588
Healthcare Industry Dynamics (W)

I have completed MSB 589R or I *will* complete this course at least once
before graduation.

Healthcare Leadership Lecture. 1 credit/semester (F/W)

Club Participation:

I have joined the Healthcare Industry Association club and *will participate actively*.

Elective Courses:

I have taken or will take **two** Healthcare Industry Scholar approved electives. Check the courses below that you have taken or will take.

HLTH 316: Health Systems Policy (F/W)

HLTH 425: Working with Vulnerable and Diverse Populations (F/W)

MSB 682: Healthcare Delivery Management (F)

MSB 683: Healthcare Law and Regulations (F)

MSB 685R/IS 585R: Healthcare Industry Research (F/W)

MSB 686: Healthcare Finance (W)

Substitutions:

Note: If you do not plan to complete one of the requirements above as listed, but would still like to be considered for the scholarship, please explain and justify your modified plans in detail below (**150-word limit**).

Experiential Learning:

Please describe in detail below your healthcare related experience. **(150-word limit)**.

Note: This could include a job or internship in healthcare, volunteering within the healthcare industry, completing a healthcare-related capstone or major class project. There is not an hour requirement.

There are several courses with project components that could help you meet this requirement. For example, MSB 494R (On Campus Experiential Project), MSB 599R (Healthcare Internship), IS 552 (IS Capstone), MPA 643 (Leadership in Public Administration), and many more.

Short Essays

Essay 1: Statement of Interest **(150-word limit)**, demonstrating academic, work, volunteer, leadership experience, or other life experiences relating specifically to healthcare.

Essay 2: Statement of Intent **(100-word limit)**, career plans relating to healthcare, including plans immediately after graduation as well as longer-term career goals.
